SMELL~TASTE~LEARN
TAKE YOUR NOSE ON A WORLD TOUR

WITH OUR WINE INSTRUCTOR, CHEESE MONGER, & EXECUTIVE CHEF

We travel the world in search of distinctive wines. Now we are pleased to share those finds with you through the SMELL~TASTE~LEARN experience. It is all about waking up your sense of smell by aiding your nose to recognize and associate what you smell with what you taste. On our tasting table, there will be a series of fruits, herbs, vegetables, salts, chocolates, spices etc... that will help associate wine descriptors with what you smell and taste that moment, three wines, two cheeses, two small plates prepared by our chefs.
